## OnlineOpen Order Form

Wiley-VCH offers authors the option of publishing their primary research article in an open access format. Authors retain the copyright but grant Wiley-VCH permission to publish the article. Reuse of the article is permitted under the terms of a Creative Commons license. Additional information about the OnlineOpen service can be found on the journal homepage.

The charge for this service is: **EUR 2500**

**Please select a license:** (For explanations of the different licenses, follow the links given below)

[CC-BY-NC-ND](#)

[CC-BY-NC](#)

[CC-BY](#)

(RCUK/Wellcome/FWF/COAF/Gates only)

\* **Discounts and waivers:** (A complete list is given on [Wiley Online Library](#))

Please select or type a funder below:

Project/Grant/Award number or authorization code

AMM

Footnotes: (1) 100% paid in full by Institution/Funder  
a) for selected RCUK funded papers  
b) for selected RCUK or Wellcome Trust funded papers  
c) for selected RCUK or COAF/Wellcome Trust funded papers  
d) for selected Cochrane Library reviews  
e) for selected RCUK or Wellcome Trust funded papers  
f) for selected RCUK or COAF funded papers only  
g) for compliant RCUK or COAF funded papers only  
h) for selected NERC funded papers only  
i) for selected University-funded papers  
(2) VSNU: OnlineOpen fee paid in full by the Association of Dutch Universities  
(3) 20% discount, remainder paid by author  
(4) 15% discount, remainder paid by author  
(5) 20% discount, remainder paid by author - ChemistryOpen only (membership no. required)  
(6) Pays 100% of APC up to 2000€ for fully open access journals, remainder charged to author

### Terms of Payment

Send [INVOICE](#) to

TOKEN: \_\_\_\_\_

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

VAT number: \_\_\_\_\_

Tax-free charging can only be processed with the VAT number of the institute/company. To prevent delays with the processing, please provide the VAT number with this order.

Purchase Order No.: \_\_\_\_\_

**Please note,** should you wish to make your primary research article accessible to non-subscribers, please complete and return this form to us at your earliest convenience. Upon receipt, we will process your payment / issue an invoice, and your article will be made open access when payment has been received.

# CHEMPHOTOCHEM

To minimize publication times, we ask authors to take special care with the formal details of the manuscripts as described below. Detailed information can be found on our homepage <http://www.chemphotochem.org> or obtained from the editorial staff on (+49) 6201-606-200 or [chemphotochem@wiley-vch.de](mailto:chemphotochem@wiley-vch.de).

## General

**For the initial submission, revised submission, and final submission of production data** please visit our homepage (<http://www.chemphotochem.org>) to see how your manuscript should be uploaded through **Editorial Manager** (<http://www.editorialmanager.com/cptc>). There you can also find templates for MS Word and LaTeX which should be used for the submission of your contribution.

## References

should be listed as shown:

- [1] **Reference 1, Journal example:** a) A. Author, B. Coauthor, *ChemPhotoChem* **2017**, *1*, 1-10; b) A. Author, B. Coauthor, *Angew. Chem.* **2006**, *118*, 1-5; *Angew. Chem. Int. Ed.* **2006**, *45*, 1-5.
- [2] **Reference 2, Book example:** a) E. Wingender, *Gene Regulation in Eukaryotes*, VCH, Weinheim, **1993**, p. 215; b) T. D. Tullius in *Comprehensive Supramolecular Chemistry*, Vol. 5 (Eds.: J. L. Atwood, J. E. D. Davies, D. D. MacNicol, F. Vögtle, K. S. Sustick), Pergamon, Oxford, **1996**, pp. 317-343.
- [3] **Reference 3, Others example:** a) C. R. A. Botta (Bayer AG), DE-B 2235093, **1973**; b) A. Student, PhD thesis, University of Newcastle (UK), **1991**; c) W.-D. Becker, *Abstr. Pap. 11th Conf. Int. Sci. Technol.* (San Diego, CA) **1996**, p. 156; d) S. Novick, "Biography of Rotational Spectra for Weakly Bound Complexes" to be found under [http://www.wesleyan.edu/chem\\_bios/vdw.html](http://www.wesleyan.edu/chem_bios/vdw.html), **1999**.

**Manuscript titles** should be as succinct and accurate as possible and without a reference.

**All references** should be mentioned in the text.

**Spelling** may be British or American English, but consistency should be maintained within a manuscript. Authors are asked to make their manuscripts suitable for a heterogeneous readership and to be considerate to those readers for whom English is a foreign language—please use a simple, clear style, and avoid jargon.

**Abbreviations and acronyms** should be used sparingly and consistently. Where they first appear in the text, the

## Graphical material

### **Graphics** are:

- Formulas (do not need a legend but an Arabic numeral / Roman lowercase letter, e.g. **1a, 22c**)
- Equations (without legend)
- Schemes (with a legend)
- Figures (with a legend).

We strive for uniform, easy-to-read graphics.

- Equations and structural formulas in tables should be submitted both integrated in the table and as a separate graphics file.
- Preferred graphics programs:** ChemDraw (template available from <http://www.chemphotochem.org>), FreeHand, CorelDraw 6 and 7, Photoshop.
- Acceptable formats:** TIFF, EPS, WMF, BMP, CDX, CDR.
- Final format for **vector graphics** (stick diagrams etc.): Encapsulated Postscript (EPS) with bound fonts and the characters must be converted into outlines, not Postscript (PS). The "bounding boxes" must be of an appropriate size.
- The resolution for **raster figures** (e.g. ORTEP representations) and for color figures must be at least 300 dpi. The resolution for stick diagrams in a bitmap format (\*.bmp files) must be at least 1000 dpi.

complete term—apart from the most common terms such as NMR, IR, and *tBu*—should also be given. In Review articles in which a number of abbreviations and acronyms occur, these can be explained in a glossary at the end.

**One Supporting Information file**, if applicable, as a pdf file. Upon acceptance, the graphics should be incorporated with the text and not be present as separate files only in the Supporting Information. The Supporting Information should **not** include crystallographic data that are available from CCDC or FIZ.

**Crystallographic data for organic and organometallic compounds.** Before submission of the manuscript, send your data including author and journal details in cif format as a plain-text ASCII file by e-mail to: [deposit@ccdc.cam.ac.uk](mailto:deposit@ccdc.cam.ac.uk). The data will be assigned a registry number, which should be included with the following standard text in the manuscript: CCDC ... contains the supplementary crystallographic data for this paper. These data can be obtained free of charge from the Cambridge Crystallographic Data Centre via [www.ccdc.cam.ac.uk/data\\_request/cif](http://www.ccdc.cam.ac.uk/data_request/cif).

**Crystallographic data for inorganic compounds.** FIZ accepts only data deposited in electronic form (in CIP format). Before submitting your manuscript, send the data directly to FIZ by e-mail (or on disk). The following standard text should be included in the manuscript: Further details of the crystal structure investigation(s) may be obtained from the Fachinformationszentrum Karlsruhe, 76344 Eggenstein-Leopoldshafen, Germany (fax: (+49) 7247-808-666; e-mail: [crysdata@fiz-karlsruhe.de](mailto:crysdata@fiz-karlsruhe.de)) on quoting the deposition number CSD-... (numbers CSD-..., -..., -..., and -...).
